

Ice Show Participation Policies

- Skaters are expected to put in their best effort, which means being on time, paying attention to the coach and helping each other. Coaches, at their discretion, may dismiss a skater who is not showing adequate commitment to the show.
- Skaters will attend each and every one of their scheduled rehearsals. If you must miss a rehearsal, the coach choreographing that number may excuse you in advance. More than one **unexcused** absence and you will be pulled from the number.
- Casting of parts is at the complete discretion of the coaches. Coaches will work to highlight the strengths of each individual so that everyone's best skating can be showcased.
- Skaters are **NOT** permitted to be in the audience at any time during the performance. They are encouraged to watch the dress rehearsal.
- The registration fee helps to cover the cost of rehearsal time (on and off ice), choreography and costuming, (however, most costumes will require the skater to provide some basic components, for example: black pants or beige tights.) Soloists may be asked to provide their entire costume.
- Ice Show Volunteers ONLY are permitted backstage one hour prior to and during the performance. Dressing room volunteers will help skaters with their makeup and costumes and keep them entertained behind the scenes.
- Fundraising in addition to that required for regular operation is necessary to put on the show. Every skater needs to help grow the 50/50 jackpot and find items for the raffle table.
- Solo choreography will be billed coaching time as per that coach's regular fee schedule. Fee schedules or advanced notice of what your potential individual invoice can be obtained from the coach involved.
